

Brenda Copeland, an award winning gospel recording artist, entertained the Christian Women's Club with beautiful music at a salad luncheon in the New Life Fellowship Church in Grant on Saturday, Oct. 15.

After singing several songs from her CDs, Ms. Copeland gave a thought-provoking message about her life. Although she and her husband were quite financially successful and appeared to "have it all," their private life was filled with drugs, alcohol and spousal abuse leading to suicidal thoughts.

At the death of her beloved grandmother, the message in John 3:16 became real to her with the result that she and her husband completely turned their life around.

The Christian Women's Club is a non-denominational organization open to all women.

The next meeting will be held in Wallace on Nov. 19. On Dec. 17 a meeting will be held in both Wallace and Grant.
