May 18, 1988

A short in electrical wiring is being blamed for a fire that caused approximately \$150,000 in damage to property at the Kurt Payne residence east of Grant. Fire Chief Don Softley said a Quonset was engulfed in flames by the time the firemen arrived at the scene. Payne said that besides losing the building, also destroyed in the blaze were a combine, a tractor, tools, supplies, and a saddle collection.
