Thunder on the High Line is getting ready for the annual Relay for Life of Western Trails event that will be held in Ogallala on July 16-17.

The first fundraising event will take place at Bench Warmer's on May 17 with team members doing wait and staff duties and working for tips.

With the theme "Game On," Bench Warmers is the perfect setting for this activity.

Again this year, Team Thunder plans on hosting a concert on June 12 featuring local talent.

This was a huge success last year with amazing talents being displayed and this year should be another wonderful evening of entertainment.
