

*Refreshments will be served Nov. 7-13 during National Radiology Technologists Week.*□

National Radiology Technologists Week is Nov. 7-13. To recognize them, radiology technicians at Perkins County Health Services are asking the public to donate items in their honor that will be passed along to help the animal shelter.

Donations will be collected at the hospital's radiology department during the week, then presented to the shelter as a whole.

Enjoy cookies and coffee during the week in the PCHS Radiology Department from 11-2 p.m., while dropping off needed items such as leashes, collars, beds, dog food, cat food, blankets, towels, litter, etc.
