

Nebraska State Recycling Association and a group of partnering organizations will hold a recycling summit (meeting) in North Platte to explore how recycling services can be enhanced across the state. Some communities, businesses and citizens still don't have access to recycling programs.

The discussion-style meeting will cover the needs, barriers to recycling, public perceptions, look at what's working, what doesn't, and brainstorm possible solutions.

Meeting facilitator will be Linda Fettig, executive director of Nebraska Rural Development Commission.

The meeting will be held on Wednesday, Nov 16, 11:30 a.m.–3 p.m. CT at Mid-Plains Community College, Room 109, 1101 Halligan Drive. Cost is \$10 per person and includes lunch. Businesses, schools, citizens and municipalities/government are encouraged to attend. More information at recyclenebraska.org
