

The public was treated to two performances of “The Sound of Music” by Perkins County High School students Sunday, Sept. 11 and Tuesday, Sept. 13. The well-loved musical tells the story of a young nun in training who leaves the convent to become governess to seven children of a former naval captain. She brings music and laughter back into the household which has become too somber and regimented after the death of the captain’s wife. The captain and Maria fall in love, marry and flee with their children through the mountains to escape the Third Reich, who is infiltrating their beloved Austria. (Photo by Shari Friedel)
